Clever features list

Sleek boards create a timeless and spacious aesthetic that offers simplicity and versatility making it suitable for a wide range of sizes and styles.

Pattern variation is essentially the level of realism that is achievable with a product. Our eyes are great at picking out repetition, but we can fool them into thinking there is less than there actually is. We achieve this by designing patterns that are larger than our boards and then cutting them in multiple different spots.

Scratch-resistant flooring offers peace of mind while preserving the elegance of your space. Perfect for families, pet owners, and anyone seeking a resilient yet beautiful floor.

Combines a water-resistant surface with a water-resistant core to provide comprehensive protection against spills, moisture, and water, ensuring both surface and core are less affected. Ideal for more areas of your home or project.
