Obsidian Herringbone Hybrid Flooring

Authentic elegance that performs well

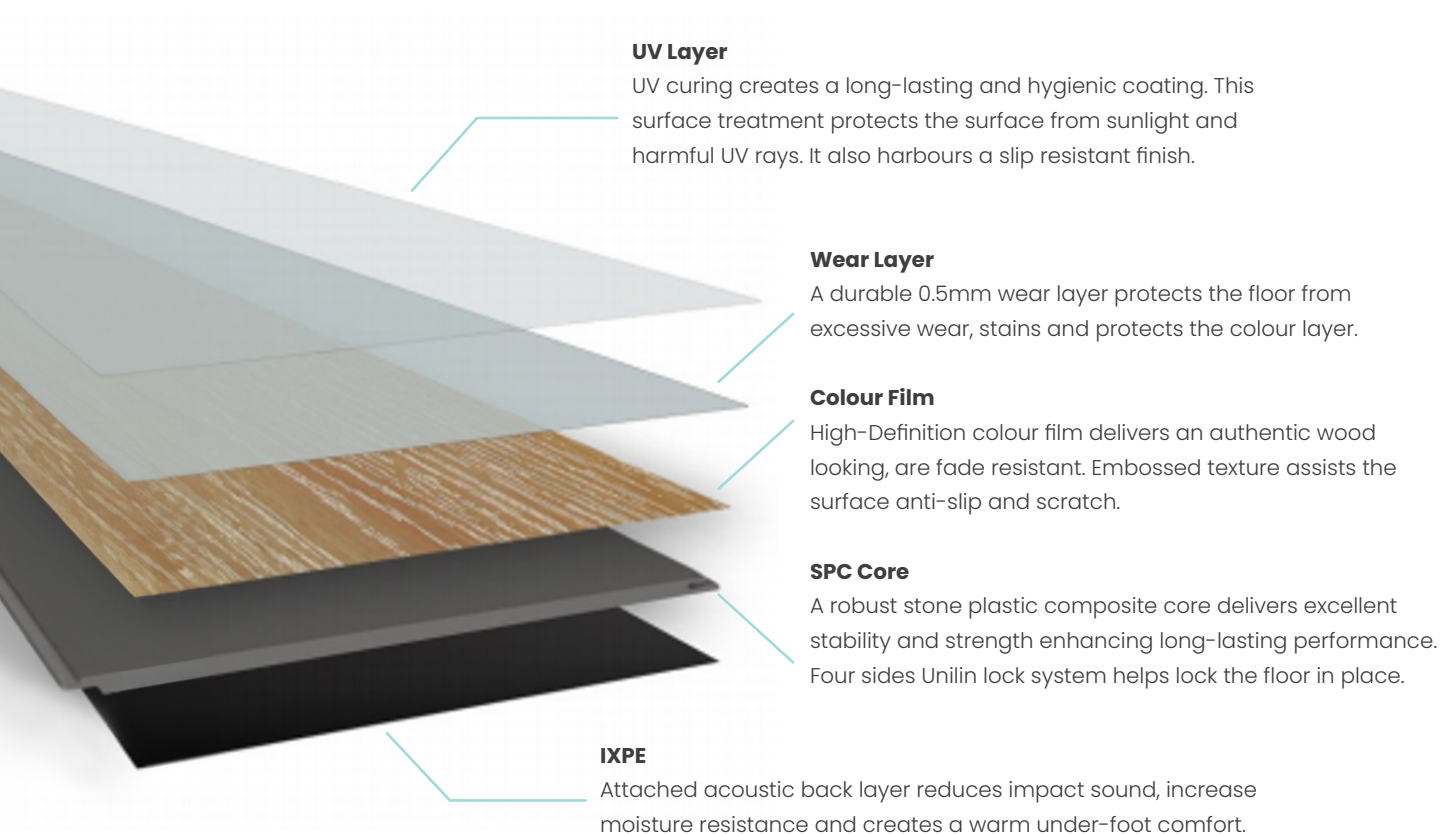

Why Choose Obsidian Herringbone Hybrid Range?

Obsidian Herringbone hybrid floors combine the elegant timeless look of French oak and Australian timber with practical benefits. These floors are designed for exceptional stability, water resistance, hygiene, and ease of cleaning and repair. They are also slip and scratch resistant, making them a good choice for busy households.

Produced in a top-tier factory and certified by ATFA, these floors assure exceptional quality and compliance with industry standards, giving you confidence in your flooring choice.

What is hybrid flooring made of?

Here's a breakdown of how each layer contributes:

Key Features

TIMELESS BEAUTY

The herringbone design adds a touch of classic elegance to any space, with the knowledge that this is going to last the test of time.

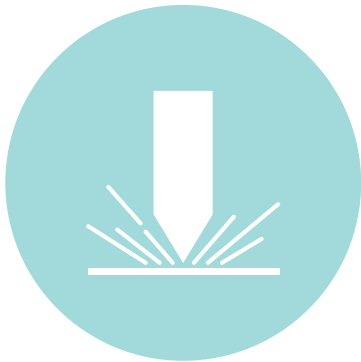

WATERPROOF CORE

Withstands the thrills and spills of high moisture areas of the home including kitchens, laundry rooms and areas with high traffic.

WONDERFUL SILENCE

Boasts a 5 star acoustic rating with its built in IXPE making your floor more quiet and comfortable.

HIGH IMPACT RESISTANCE

Effortlessly withstands high footfall traffic making this ideal for the modern busy household.

SCRATCH AND SLIP RESISTANCE

The wear layer treatment brings a matte and embossed finish, providing a safe and durable surface for everyday use.

VIBRANT DESIGN

The embossed surface texture perfectly matches the natural wood grains, resulting in a wonderfully authentic appearance, with subtle cracks and gorgeous swirls like the natural wood.

Colour Chrome

With either a classic French oak colour or popular Aussie species, the Obsidian Herringbone range is certain to get noticed by all visitors to your property.

Technical Details

Board Size	625mm long, 125mm wide, 9mm thick
Pack Size	1.09375sqm
Underlay	5 star rated Acoustic IXPE
Wear Layer	0.5mm
Surface	Matte Finish
Edge	Mini-Micro Bevelled 4 sides edge
Profile	4-Sided Unilin Click System
Weight	16.5kg
Repeat Pattern	14-21 planks

Tests

Acoustic Test	5 Star rating
Slip Test	P4 Slider 96 (4S Slider)
Fire Test	CHF Value Mean ≥ 11.0 kW/m ² ; Smoke Value Mean 71%.min
Warranty	25 Years Structural Residential Warranty 5 Years Structural Commercial Warranty

Cleaning & Maintenance Tips

Protection tips

- Sun blinds or shutters must be used to protect the floor exposure to direct sunlight and UV rays. Prolonged or constant exposure will cause the floor to fade and damage.
- Lay floor mats on exterior and interior door to trap sand and stone grinds from incoming traffic and to dry wet foot.
- Using a rug or mat in high traffic areas help to reduce wear & scuffing.
- Soft pads are encouraged to be stuck on the base of furniture which has direct contact to the flooring.
- Do not slide or push heavy furniture across the flooring at anytime.
- Keep pet's claws well-trimmed to avoid excess scratches and gouges.

Regular Cleaning

- Sweep flooring regularly with either an electrostatic broom, soft bristle brooms or wooden material floor mop.
- Dust off or clean with soft bristled head. Please ensure vacuum or sweeper head is non-abrasive and come with no metal burrs or edges.
- Remove spills promptly with an absorbent cloth or similar material.

To achieve an optimal performance of your floor

- Chair and furniture legs are highly recommended to be placed on a protective mat to protect the surface from excessive grit and load concentrated wear.
- Place drip pans or protective mat underneath plant pots and pet feeding or bedding areas to avoid moisture ingress.
- Constant room temperatures are recommended to maintain humidity rate around 35% ~ 50%. Constant site variations above or below these limits may require the use of air humidifier.
- Good air flow and ventilation are required to avoid overheating and extreme cold which cause excess moisture. Long-term exposure may result in changes to the flooring surface.
- To resolves site specific circumstances, please always consult with your local flooring installer or retailer for best advice and results.
